BIG TIMBER, MONTANA ADDS A BELFORT AUTOMATED WEATHER OBSERVATION SYSTEM

BALTIMORE, MD. – Belfort Instrument Company, one of the country’s oldest meteorological sensor and meteorological system manufactures, has installed its DigiWx™ Automated Weather Observation System (AWOS) at the Big Timber Airport (6SO), in Big Timber, Montana

The AWOS AV provides real-time wind speed, wind direction, temperature, relative humidity, dewpoint and altimeter setting and visibility information on a graphical display at the FBO office, over the airport’s Unicom radio, via dial-in telephone, and on the Internet.

Robert Bryan, Airport Manager says” Big Timber is committed to providing the upmost operational safety for the flying public”. He continues, “With the addition of the Belfort DigiWx AWOS, Big Timber extends the airport’s operational capabilities and flight safety.”

Belfort Instrument Company has been a leading provider of weather instruments to government, professional meteorology and aviation markets for over 130 years. Detailed information can be found at www.belfortinstrument.com and www.digiwx.com
