Belfort Instrument Company Names New Vice President

Baltimore, MD –October 16, 2007. Belfort Instrument Company, leading provider of weather instruments to the government, professional meteorology and aviation markets, has promoted Ralph F. Petragani to Vice President, Sales & Marketing.

Mr. Petragani will oversee the day to day sales of the company's well known line of meteorological sensors and systems including the FAA certified DigiWx II® automated weather system.

"I am pleased to announce the promotion of Ralph to the Vice President position", this according to Debra S. Alascio Chief Operating Officer for Belfort, she continues, "Ralph brings more than 16 years of experience in the weather sensor/systems marketplace and has proven to be a positive catalysis for our company's growth."

Ralph was formally the Director, Sales and Marketing for Belfort. He holds an MBA from Kennedy-Western University and is a member of the American Meteorological Society, the Helicopter Association International, and the company representative to the Association of Hydro-Meteorological Equipment Industry committee of the World Meteorological Organization.
